

3 STORAGE

Hand ingredient-weighing tables ZVTK

Basic technical information

	Number of Containers	Dimensions B x T x H (mm)
	4	910 x 615 x 835
	6	1.310 x 615 x 835
	8	1.730 x 615 x 835
	6	910 x 615 x 835
	9	1.310 x 615 x 835
	12	1.310 x 615 x 1.045
	4	910 x 615 x 935
	6	1.310 x 615 x 935
	8	1.730 x 615 x 935
	10	2.200 x 615 x 935

Intended use

Hygienic and clean storage of powder, ground, crystalline, grainy products as salt, sugar, baking agents, grains, coarse meal and flour, as well as their manual weighing.

General function

Manual weighing is done using the ingredient scale.

Construction

All tables in bakery-suitable stainless steel construction with 2, 3 or 4 bottom storage shelves.

All ingredient tables are movable with 4 guide pulleys 125 Ø (of these 2 adjustable), on demand, mounting control for recipe computer.

All plastic containers are of stable, food-safe construction.
